

The New Jersey Main Street Alliance
A Big Vision for Small Business

Who We Are:

- The New Jersey Main Street Alliance is a coalition of over 650 small business owners and sole-proprietors who are working to advance policies that are good for small businesses and the communities we serve.

What We Believe:

- We believe small businesses are not getting represented on issues that affect us in Trenton or in Washington, DC. Our members are speaking out on the need for quality, affordable health care, reasonable credit card fees, and lower utility rates. If we do not speak for ourselves, then who will speak for us?

Join Now:

- You can have a powerful voice on issues that matter to you, simply by signing on today and helping our coalition build strength in numbers. Small businesses are the backbone of the economy and it is time that we have a voice at the table.

PETITION TO INVESTIGATE PSEG POWER

Dear Governor Christie and Attorney General Dow:

As a small business owner, I am deeply concerned that there is evidence suggesting Public Service Electric and Gas has not been charging its affiliated company, PSEG Power, for the Societal Benefits Charge (SBC) for at least the last 8 years. It is estimated that PSEG could owe ratepayers as much as \$300 million from this potentially illegally obtained subsidy!

Small businesses are the backbone of New Jersey's economy and we are already struggling to afford utility rates that are more than 40% above the national average. When PSEG Power fails to pay their fair share of these rates, the costs are passed on to consumers and businesses like mine. I have always paid my fair share of this legally non-bypassable charge, and so should one of New Jersey's largest and most profitable companies, PSEG Power.

I urge you to investigate this matter further and stand up for all of the individuals and businesses that make up PSEG's 1.7 million customers.

YES, I wish to become a member of the NJ Main Street Alliance and have my business included on the list of signatories to the letter above.
